

★ **Essential Hotkey Tip** : Bind a key in Esc → Controls → AetherChat Section → Show / Hide to open and close your chat interface with zero latency.

1. Loot Feed & 1-Click "Need / Request Item" System (LootLog)

- 1 **Instant Right-Click Context Menu :**
 - *Whisper @Player (Need)* : Opens a direct whisper to the looter with the item link.
 - *Ask in group (Need)* : Sends request to the entire group channel.
 - *Link in chat* : Inserts the item link into your active text entry.
- 2 **High-Definition Visual Formatting :**
 - Official equipment icons & traits in plain text: (Divines), (Impenetrable).
 - Golden |cFFCC00!!!|r mark highlighting noteworthy set drops!
- 3 **Customizable Message Template :** Edit the pre-filled template in settings (e.g. "LF <<item>> please :)").

2. Collapsible Guild Folders & Channel Reordering

- 1 **Collapsible `[-] Guilds (5)` Folder :**

A single left-click expands or collapses all 5 guilds to keep your sidebar neat.
- 2 **Instant 1-Click Guild Switching :**

Click any guild name to chat directly without ever typing /g1 or /g2.
- 3 **Drag & Drop Reordering :**

Hold left-click on any tab to change its order with a distinct luminous gold outline.

3. Floating HUD Alert Icon & Private Messaging (PM)

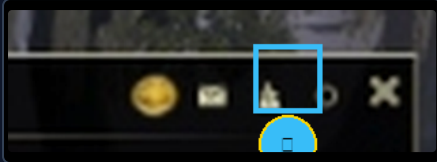

- 1 **Floating HUD Icon (Top-Left) :**

Always visible next to CraftStore and TOM. Displays a **crimson badge** with total unread messages without capturing mouse clicks (zero camera bugs).
- 2 **Dedicated Whisper Tabs :**

The most recent contact automatically jumps to the top with an individual red badge and a dedicated 'X' button to close conversations.

4. Online Friends List (1-Click Whisper) & Mailbox

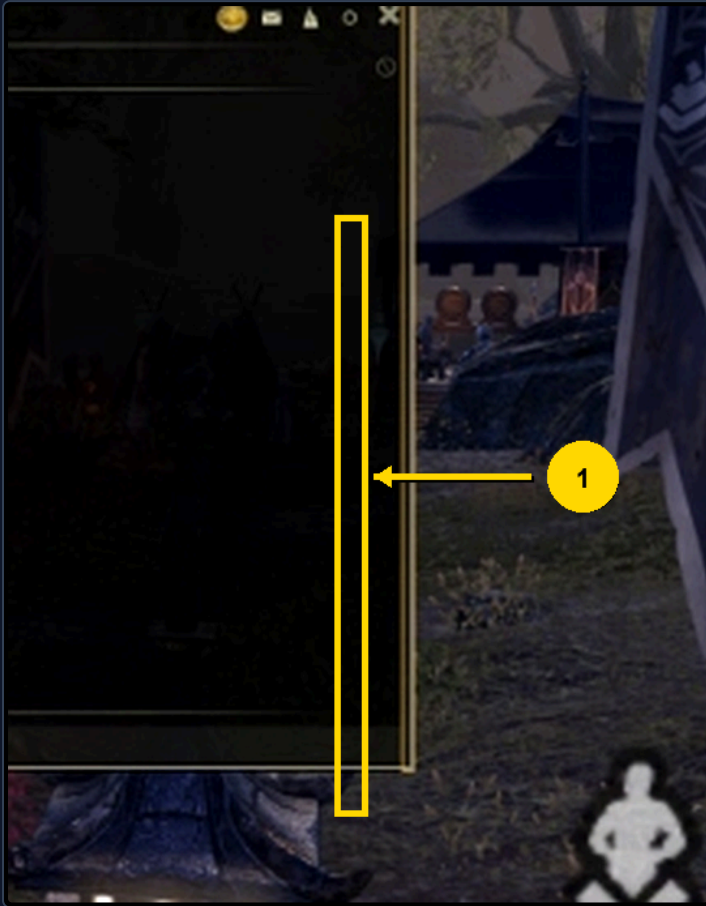

Instant Online Friends Dropdown :

Clicking the friends header icon opens a filtered menu showing **only online friends** with their @Account, (Char Name), and (Current Zone). Click any friend to start whispering immediately!

Mailbox & Live Unread Badge : Opens native mailbox and displays real-time unread mail count on its badge.

5. Direct Edge Resizing with Luminous Glow Affordance

1

Luminous Gold Affordance Glow on Hover :

Hovering over the **Right Border**, **Top Border**, or **Bottom Border** instantly illuminates the edge in bright Nordic gold.

2

Smooth Drag & Full Width Input :

- *Right Border* : Hold and drag to adjust width.
- *Top / Bottom Border* : Hold and drag to adjust height.
- Text input occupies 100% width. Dimensions are saved automatically!

6. Complete Guide to Settings & Options (Esc → Settings → Addons → AetherChat)

🌐 Language & Direct ReloadUI Button

Switch between **English** and **Français**, then click Apply Language & Reload UI (/reloadui) for immediate full localization.

🔔 Audible Sound Alerts (7 Ringtones)

Enable whisper alerts and pick from: *Champion Point chime*, *Clear Ding*, *Golden Fanfare*, *Magic Bell*, *Challenge Gong*, *Quest Harmony*. Includes instant preview test button.

📦 Need Message Template (Loot Channel)

Editable text template sent when right-clicking item drops in the Loot tab (use <<item>> for the item link).

⚙️ General Options & Testing Tools

- **Hide official ESO chat** : Completely hides native chat to use AetherChat as sole interface.
- **Test Message Button** : Simulates an incoming whisper to test audio and UI alerts.
- **Reset Interface Button** : Restores default channel order, centers window, and resets standard size (940x520).

🎨 Tamriel Visual Themes (5 Themes)

- **Skyrim Dragonborn** : Nordic Frost Cyan Blue.
- **Dwemer Gold** : Antique Brass & Dwemer Forges.
- **Nordic Emerald** : Skyrim Pine Forest & Jade.
- **Crimson Brotherhood** : Dark Brotherhood Red.
- **Dark Glass** : Clean Modern Indigo.

🔴 HUD Floating Icon Alert Filters

Choose which message types increment the red notification badge on the floating HUD icon: **Whispers (PM)**, **Guild Chats**, or **Group Chats**.

📄 Data Retention & History

- Retention duration: *24h*, *3 days*, *1 week*, *1 month*, or *Unlimited*.
- Session persistence across game sessions and interface reloads.
